

Alexandria Walker

Web Content Manager | SEO, Analytics & Web Design

813-404-6018 | walkernalex@gmail.com | Baltimore, MD | [LinkedIn](#)

SUMMARY

Web Content Manager with 6+ years leading enterprise-scale content operations end-to-end, spanning web design and development, CMS administration, SEO, UX data analysis, and performance reporting across think tank, nonprofit, and government environments. Experienced designing and building responsive, interactive web experiences (Figma, Ceros, WordPress templates) and driving measurable growth through SEO, A/B testing, and heat-map-informed UX improvements (196% increase in organic reach at prior role). Skilled at managing full CMS lifecycles (WordPress/Gutenberg, HubSpot, Firebase), leading vendor and migration projects, and translating complex, research-heavy material into clear, accessible, engaging content. Background includes hands-on healthcare/HIPAA-adjacent content work from prior social work and public health experience.

CORE SKILLS

- Web Design & Development:** Figma, Ceros, WordPress template development & customization, responsive design, HTML5, CSS3, JavaScript, Git/GitHub, browser DevTools, basic Drupal
- Content Governance & Strategy:** Enterprise content audits, taxonomy & metadata management, editorial standards, content lifecycle management, publishing workflows
- CMS & Web Platforms:** WordPress/Gutenberg, HubSpot CMS, Pantheon, Firebase, CMS workflow configuration, UAT/QA
- SEO, GEO & Competitive Analysis:** SEMrush, Google Search Console, GA4, keyword strategy, metadata optimization, AIO/GEO best practices, competitor landscape & technical site-health benchmarking
- UX & Analytics:** GA4 dashboard build & administration, heat-map analysis, A/B testing, content performance analysis, stakeholder reporting
- Design Tools:** Figma, Ceros, Canva, Adobe Creative Suite
- Accessibility & Compliance:** WCAG 2.1, HIPAA & healthcare content compliance, editorial policy enforcement, content QA
- Cross-Functional Leadership:** Vendor & migration project management, team training and mentoring, stakeholder communication, Monday.com, Jira, Notion

EXPERIENCE

Web Content Manager (Contractor)

December 2025 – Present

Atlantic Council | 80,000+ page WordPress site | Washington, DC (Remote)

- Design and build responsive, interactive web experiences using Figma and Ceros for flagship events; collaborate with developers to build and implement WordPress templates, ensuring accessibility compliance
- Manage daily content operations across an 80,000+ page WordPress/Gutenberg CMS, including publishing workflows, metadata governance, URL management, and content QA
- Own end-to-end web analytics for the organization; run heat-map analysis and A/B testing to inform UX and content decisions across program hubs
- Lead enterprise SEO, AIO, and GEO competitor landscape monitoring, benchmarking technical site health and search visibility against peer organizations
- Led enterprise SEO audit identifying ~4,200 pages with missing on-page elements; built a prioritized, bulk-scriptable remediation plan and presented findings to senior leadership
- Built and maintain a monthly GA4 and Google Search Console reporting program, delivering program-level performance reports across 30+ internal teams
- Partner with program teams and stakeholders on content management and page design across multiple program hubs
- Led content strategy and documentation for a major site redesign with an outside development vendor, using CMS export data to surface taxonomy gaps across 10,000+ content items
- Developed and delivered an org-wide SEO/GEO best-practices training across 30+ program teams; serve as primary content-development liaison and mentor a Web Content Coordinator

Digital Content & Email Marketing Manager

2022 – July 2025

Culture ONE World | Washington, DC (Promoted from Community Coordinator)

- Owned content end-to-end (website, email, social) for multiple client accounts, from ideation through writing, editing, publishing, and performance tracking
- Ran A/B testing on web and email content; developed social media content strategy, briefing designers on creative direction and executing designs directly in Figma
- Audited 2,000+ published posts to identify content gaps and redundancies; remediation priorities drove a 196% increase in organic reach through SEO and keyword optimization
- Built a Google Analytics reporting program from scratch and led/mentored team members on publishing workflows, SEO tactics, and WCAG 2.1 standards; served as primary point of escalation for editorial questions

Program Coordinator & Community Engagement Specialist

2020 – 2022

Maryland Office of Suicide Prevention | Catonsville, MD

- Designed social media assets and digital documentation using Canva and Adobe Creative Suite
- Managed 50+ web-based toolkits on state website, collaborating with development team to troubleshoot performance issues and implement UX improvements
- Applied HIPAA and healthcare compliance standards to public-facing health content, drawing on clinical social work background
- Developed procedure documentation for content publishing workflows and maintained standards library for digital communications
- Conducted accessibility audits implementing WCAG 2.1 improvements across web content and digital resources

PORTFOLIO

Portfolio of 3 responsive web design projects available on request.
